**Subject:** Re: Fw: key points of State Board comments - background for June 21 meeting

Hi Tom,  
The meeting is in the San Joaquin River Room at NMFS (5th floor 650 Capitol Mall, Suite 5-100). I just received the teleconference line information. I'll be sending it to the whole group but here it is now:

(b) (6)

**Subject:** Fw: key points of State Board comments - background for June 21 meeting

Hi Erin,  
Mike Chotkowski asked me to check with you about the location and call-in number for the Update of Delta Water Quality Control Plan meeting on 6/21 at 12:00-2:00 PM.  
Thanks in advance for your assistance!

Subject Fw: key points of State Board comments - background for June 21 meeting

Matt,

Thank you for being willing to serve as acting Assistant Field Supervisor for the WOWSA division next week while I'm out of the office. As a followup to our conversation earlier this afternoon, I'm forwarding the key points (see attachment) of the FWS' April 25 comments to the State Board. This may be helpful background when you and Mike, et al. meet with EPA and NMFS next Thur (June 21) to discuss the WQCP update and the State Board's series of technical workshops:

August 22, 2012: Ecosystem changes in the low salinity zone

September 5, 2012: Salmonids

September 6, 2012: Pelagic organisms

October 1 & 2, 2012: Analytical tools for evaluating the water supply, hydrodynamic, and hydropower effects of the Bay-Delta Plan.

I'm in the office tomorrow, so please let me know if you have any questions or need more information.

Thanks again for your assistance next week,

Roger

Roger Guinee

Subject key points of State Board comments

Hi Roger,

I initially took the two most important key points from each topic area, but ended up with 18 bullets, which I think is still too many. So, I edited it down further to 12. I'm happy to work on this some more if you think we still have too many points.

I just got an email that Monday's meeting was cancelled, so I'll see you downtown.

Have a good weekend!  
Julie
